

DACE

DACE is an exporter specializing in the production of organic spices. DACE processes organic spices for export and the domestic market since its foundation in 2013.

The raw materials are sourced from the Ha Quang district in the Cao Bang Province in the far north of Vietnam. DACE owns a modern factory in Hanoi to supply the highest quality products to customers worldwide.

DACE has worked with local farmers, agricultural experts and local authorities to cultivate organic spices. The farmers are offered a fair minimum price and stable income.

An internal quality management system is applied at all stages of the supply chain to ensure compliance with international quality and food safety standards.

Products:

- Ginger (fresh/slice/powder)
- Turmeric (fresh/slice/powder)
